To increase the security of Internet transactions Visa and Mastercard have recently introduced 3D-Secure (like an online version of Chip and PIN). Depending on the card you have chosen to use and the retailer from whom you are purchasing, when you click Proceed you may be asked by your card issuer for further authentication.

Click proceed to complete your payment. Your transaction may take a few seconds to be authorised, please be patient.

Back

Proceed

Now you will notice the new feature of “3D-Secure” notice is at the foot of the page just above “proceed” button.
This is required by **Visa, Mastercard and Maestro/switch.**

Card Authentication

To increase the security of Internet transactions Visa and Mastercard have introduced 3D-Secure (like an online version of Chip and PIN). You have chosen to use a card that is part of the 3D-Secure scheme, so you will need to authenticate yourself with your bank in the section below.

Please enter characters from your RBS Secure password as asked below.
[I am not enrolled in RBS Secure](#)

Merchant: Printwell UK Ltd
Amount: £6.45
Date: 18/02/10
Card Number: XXXX-XXXX-XXXX-7352
Personal Message: Welcome to RBS Secure
Login: ROBINDECA1
Enter the first, second and third characters of your password:
[Forgotten your password?](#)

This information is not shared with the merchant.
THIS SERVICE HAS BEEN REQUESTED BY THE WEBSITE YOU ARE USING.

Once you've clicked "proceed" you will now be sent to this 3D-Secure page which should have your card issuing Bank Logo and requires you to put in parts of your password if you have already enrolled your card. Once this has been verified successfully your transaction will be completed and your order placed, you will receive a confirmation email from us.

If you are not successful your transaction will not be completed, you will not receive a confirmation email from us and the order will show in your order history as "delayed" until the housekeeping routines remove it.

If you haven't yet enrolled in the "Banks" "secure" scheme you can do so from here by clicking the "I am not enrolled in..." link.

If your bank's validation screens do not appear in the area above, click here to skip the 3D-Authentication. You should ONLY do this if the authentication screens do not appear.

Card Authentication

To increase the security of Internet transactions Visa and Mastercard have introduced 3D-Secure (like an online version of Chip and PIN). You have chosen to use a card that is part of the 3D-Secure scheme, so you will need to authenticate yourself with your bank in the section below.

Added Safety Online
RBS Secure helps protect your debit card against unauthorised use online - **at no additional cost**. For details, [click here](#).
Since another user of this card had already enrolled it in RBS Secure, it is now protected by the RBS Secure password.
To complete the purchase, please complete this page.
You will then be able to create your RBS Secure password.

Name as it appears on the card in upper case:

Date of Birth: / / (DD/MM/YYYY)

Signature Panel Code:  The last 3 digits on the back of your card ([more help](#))

Expiry Date: / (MM/YY)

Email address: [How will it be used?](#)

An email confirming your registration will be sent shortly.

[Back](#)

By activating now, you agree to the [Terms of Use](#).
Please read carefully the [Privacy Policy](#) section. This explains how we will use your information now and in the future.

If you selected the "I am not enrolled in..." link you will be sent to a page like this to set up your 3D-Secure password.

You need to follow the instructions from your Card issuer.

If your bank's validation screens do not appear in the area above, click [here](#) to skip the 3D-Authentication. You should ONLY do this if the authentication screens do not appear.
